In G.R.No.EST 1451, dated the 6-5-1953, 80% of the tempy. estabt. as edisting on 27.2.1951 in class III and Class IV services has been converted into permanent and pensionable estabt. These orders have been given retrospective effect from 1-4-1952. In this Department percentage cut in pay is applied when the tempy. estabt. is brought on permanent estabt. However, in the past when cetain tempy. estabt. was made permanent Govt. had waived the recovery of half of the amounts already overdrawn by members of the tempy estabt. promoted to permanent estabt. vide G.R. NO. 6732/36, dated the 29.7.44. On the analogy of the above orders, the S.E.C.C. requestes that the concession of waiving of the recovery of half of the amount overdrawn may also be made applicable to the persons promoted to permanent estabt. against the posts made permanent in the G.R,refd. to above.

3. Perusal in this con.is requested of the notes underlying G.R. No. 6732/36, dated the 29.7.44 particularly para 6 of the A(F) 's minutes. It was considered that in fururet it would be better for any benefits (benefit of permanency) to take effect only from the date of orders. It may be stated that under the revised pension rules, half of the tempy. service is now counted for the purposes of pension. Retrospective effect was, therefore, given to the orders in consultation with the G.D. The question of every of amounts overdrawn was not, however , considered. In view of the fact that half of the tempy. service is now being counted for the purposes of pension, the concession given in the past may not now be given but the persons concerned may be given option for being made permanent with retrospective effect or from the date of the orders. If they opt for being made permanent with retrospective effect the full recovery of amount overdrawn may be made.

3. If this is agreed to , the papers may be shown u.o. to
